## Furloughed Member Loan Assistance

Are you going to be furloughed due to the federal government sequester? Is so and you need assistance making your loan payments to USPLK Employees FCU we have a developed a program to help you.

If you are furloughed and need assistance, please contact the credit union. We can defer the principle amount on your signature and auto loans for up to one year. We will also lower the interest rate on your auto loan to the current share dividend rate and lower the rate on the signature loan by 50%. We are sorry but this does not apply to real estate loans.

The interest rate will return to the original amount and the principle amount due will start again once the furlough is finished.

You can make payments to your principle during the time of the deferment if wanted to keep from being upside down on your vehicle loan.
